Wipe surface

#### SAFE FOR YOU AND YOUR MACHINE

Safe for all exterior machine parts, Spray & Wipe Green is listed with NSF. It has been tested, evaluated and passed the most stringent toxicology and corrosivity standards. The ingredients and formulation of the products that are NSF certified are safe, leave no harmful residues and do not cause corrosion.

#### HOW TO USE

##### for Roasters

Dislodges and removes soils that adhere to interior surfaces during roasting. It's Ideal for use on chaff collectors, cooling trays, impellers and other interior components for effective cleaning.

Formulated from phosphate free and biodegradable ingredients.

- Vacuum surfaces prior to applying cleaner in order to remove loose debris.
- Spray on surfaces where extreme build up occurs.
- Allow cleaner to adhere to surface for up to 5 minutes, depending on the severity of the build up. If necessary, use a metal tool or brush to scrape off remaining oils or residue.
- Wipe clean with damp cloth.

#### HOW TO USE

##### for Grinder Hoppers and Other Surfaces

Ideal for use in bean hoppers, on countertops, drip trays and condiment counters.

- Spray directly on cloth.
- Wipe surface with cloth to clean.
