

CLASSIKA III

The new Classika III, a single-boiler espresso machine that delivers precise brewing, refined design and uncompromising performance for those who value control and clarity in every cup.

Fast Heat-Up Time

Ready to brew in just 6:30 minutes thanks to an advanced group head with cartridge heaters

OLED Display & Encoder

Programmable preinfusion, timers, and cleaning alerts, total control at a glance

Single Boiler System*

ECM-61Core heat brew group with additional heating cartridges ensures stable brew temperatures and fast heat up times.

Small 500 ml boiler for faster switch from coffee to steam.

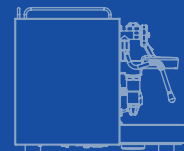

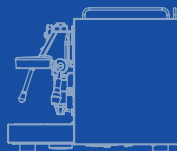

The cartridge-heated group head ensures superior thermal stability.

Precise temperature control enables adjustment within 1°C.
