

# the Juicer

## TWO TYPES OF (ORANGE) JUICE AT THE TOUCH OF A BUTTON

Top Dutch designers and engineers challenged the status quo of the citrus press. We wanted to develop the best in the world. After five years of hard work and endless testing, we achieved all of our objectives. A new citrus icon is born.

What's your  
orange mood  
today?

- Iconic design, rock-solid quality
- With\* or without fine fibres at the touch of a button
- A joy to use, east to clean
- Fast juicing (1,450 rpm)
- Suitable for citrus fruits and pomegranates
- Five-year warranty
- Commercial-grade brushless motor (lasts a lifetime)
- Highest-grade stainless steel cone (dishwasher safe)
- Dutch design and engineering
- Made in Europe

*\* Up to 30% more juice and 70% more fibres*
